

JOIN NOW

No one may join a chapter until the local chapter membership committee votes them in.

Once voted into a chapter, you have already completed the Preliminary Application. This form is only used for the local board in assisting them in the decision on a candidate for membership.

Whether one has or hasn't completed the preliminary application, ALL MUST complete the Membership Application which is located ON LINE under JOIN NOW!

You are not a member until you complete this application online and pay your annual dues of \$249. If you mail this payment in by check, YOU must still apply for membership ON LINE.

Once a member, you will be added to the chapters web page.
